

## END TO END EXPERTISE

### MILK QUALITY CONTROL

Strict traceability of all the production process: from local milk collection to finished products.

### RESEARCH AND DEVELOPMENT

Innovation and expertise are at the core of our product development. A team of experts develop formulas based on the latest nutritional recommendations.

### INDUSTRIAL KNOWLEDGE

6 production sites in France dedicated to nutrition, with flexible and state of art technology, adapted from small to large-scale production.

### OPTIMUM QUALITY AND SAFETY

Products are developed in compliance with defined specifications. Stringent controls are conducted at every step of the manufacturing process, respecting HACCP principles.

 ALL OUR PRODUCTS ARE MADE IN FRANCE

## Infant Nutrition

PRIVATE LABEL

When **confidence** and **expertise** are connected to your expectations

### Lactalis Nutrition Santé

**Lactalis Nutrition Santé** was created in 2008 as a specialized division for formulating, producing and marketing products for Infant, Clinical, Sport, Weight management and Wellness Nutrition. Over the years, Lactalis Nutrition Santé has become a key health player committed to meeting the nutritional needs of each country and target consumers.

### Infant Nutrition

**Lactalis Nutrition Santé** has built up world-renowned expertise in **infant nutrition** supported by more than 120 years of experience. A wide range of products has been developed in partnership with health professionals, specifically formulated to meet the nutritional needs of babies, from birth to the weaning period and after.

# AN ADAPTED NUTRITIONAL SOLUTION FOR THE PROPER DEVELOPMENT AND GROWTH OF EACH CHILD
