

TAILORED SOLUTIONS FOR THE PATIENTS NEEDS

UNDERNOURISHED PATIENTS

- CLASSIC RANGE**
- Variety and pleasure of taste
 - Different textures and tastes for a better patient compliance

UNDERNOURISHED PATIENTS WITH SPECIFIC TROUBLES

- SUGAR FREE RANGE**
→ for glycaemia troubles
- Controlled carbohydrate intake
 - Limits the glycaemia peaks (sugar free products with fibers)

- LACTOSE FREE RANGE**
→ facilitates digestion
Adapted in case of :
- Lactose intolerance
 - Digestive discomfort
 - Diarrhea tendency
 - Free residues diet

END TO END EXPERTISE

MILK QUALITY CONTROL

Strict traceability of all the production process: from local milk collection to finished products.

INDUSTRIAL KNOWLEDGE

6 production sites in France dedicated to nutrition, with flexible and state of art technology, adapted from small to large-scale production.

RESEARCH AND DEVELOPMENT

Innovation and expertise are at the core of our product development. A team of experts develop formulas based on the latest nutritional recommendations.

OPTIMUM QUALITY AND SAFETY

Products are developed in compliance with defined specifications. Stringent controls are conducted at every step of the manufacturing process, respecting HACCP principles.

 **ALL OUR PRODUCTS ARE MADE IN FRANCE**

Clinical Nutrition

PRIVATE LABEL

Excellence in Nutrition,
because we care

Lactalis Nutrition Santé

Lactalis Nutrition Santé was created in 2008 as a specialized division for formulating, producing and marketing products for Infant, Clinical, Sport, Weight management and Wellness Nutrition. Over the years, Lactalis Nutrition Santé has become a key health player committed to meeting the nutritional needs of each country and target consumers.

Clinical Nutrition

Lactalis Nutrition Santé offers a complete range of **oral nutritional supplements** for diagnosed undernourished patients or patients at risk of undernutrition. These products have been developed for more than 20 years to meet the specific needs of each person and deal with different clinical situations.
